The accompanying notes are an integral part of these financial statements.

NOTE 1 – ORGANIZATION

Matrix Advisors Value Fund, Inc. (the “Fund”) is a Maryland corporation registered under the Investment Company Act of 1940 (the “1940 Act”) as a diversified, open-end management investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (the “FASB”) Accounting Standard Codification Topic 946 “Financial Services – Investment Companies”. The Fund commenced operations September 16, 1983. The Fund’s investment objective is to achieve a total rate of return which is comprised of capital appreciation and current income.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The Fund consistently follows the accounting policies set forth below which are in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

- A. *Security Valuation.* Securities traded on a national securities exchange, except those listed on the NASDAQ Stock Market, LLC (“NASDAQ”), are valued at the last reported sales price at the close of regular trading on each day the exchanges are open for trading (generally 4:00 p.m, Eastern time). Securities traded on NASDAQ are valued at the NASDAQ Official Closing Price, which may not necessarily represent the last sale price. Quotations of foreign securities, currencies and other assets denominated in foreign currencies are translated into U.S. dollars at the exchange rate of such currencies against the U.S. dollar, as provided by an independent pricing service or reporting agency. Foreign currency exchange rates generally are valued at the last sale price at the close on an exchange on which the security is primarily traded. Securities traded on an exchange for which there have been no sales are valued at the mean between the last reported bid and the asked quotes, or the last sale price when appropriate.

Securities for which quotations are not readily available are stated at their respective fair values as determined in good faith by Matrix Asset Advisors, Inc. (the “Advisor” or “Matrix”), the Fund’s investment advisor and valuation designee, in accordance with procedures approved by the Board of Directors (the “Board”) of the Fund under Rule 2a-5 of the 1940 Act. In determining fair value, the Fund takes into account all relevant factors and available information. Consequently, the price of the security used by the Fund to calculate its net asset value (“NAV”) per share may differ from quoted or published prices for the same security. Fair value pricing involves subjective judgments and there is no single standard for determining a security’s fair value. As a result, different mutual funds could reasonably arrive at a different fair value for the same security. It is possible that the fair value determined for a security is materially different from the value that could be realized upon the sale of that security or from the values that other mutual funds may determine.

Investments in other funds are valued at their respective NAVs as determined by those funds for purchase and/or redemption orders placed on that day, in accordance with the 1940 Act.

Foreign securities are recorded in the financial statements after translation to U.S. dollars based on the applicable exchange rate at the end of the period. The Fund does not isolate that portion of the results of operations arising as a result of changes in the currency exchange rate from the fluctuations arising as a result of changes in the market prices of investments during the period.

- B. *Shares Valuation.* The NAV per share of the Fund is calculated by dividing the sum of the value of the securities held by the Fund, plus cash or other assets, minus all liabilities (including estimated accrued expenses), by the total number of shares outstanding of the Fund, rounded to the nearest cent. The Fund’s shares will not be priced on the days on which the New York Stock Exchange (“NYSE”) is closed for trading. The offering and redemption price per share of the Fund is equal to the Fund’s NAV per share.
- C. *Federal Income Taxes.* The Fund has elected to be treated as a “regulated investment company” under Subchapter M of the Internal Revenue Code of 1986, as amended. The Fund intends to distribute substantially all of its taxable income and any capital gains less any applicable capital loss carryforwards. Accordingly, no provision for Federal income taxes has been made in the accompanying financial statements.

The Fund recognizes the tax benefits of uncertain tax positions only where the position is “more likely than not” to be sustained assuming examination by tax authorities. Management has analyzed the Fund’s tax

MATRIX ADVISORS VALUE FUND, INC.
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 (Continued)

positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns filed for open tax years (2021 – 2023), or expected to be taken in the Fund’s 2024 tax returns. The Fund identifies its major tax jurisdictions as U. S. Federal, New York State and New York City. The Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months.

- D. *Use of Estimates.* The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.
- E. *Security Transactions, Investment Income, and Distributions.* Security transactions are accounted for on the trade date. The Fund will distribute net investment income and net capital gains, if any, at least annually. Dividend income and distributions to shareholders are recorded on the ex-dividend date, and interest income is recognized on the accrual basis. Realized gains and losses are evaluated on the basis of identified costs. Premiums and discounts on the purchase of securities are amortized/accreted using the effective interest method. U.S. GAAP requires that permanent financial reporting and tax differences be reclassified in the capital accounts.
- F. *Indemnification Obligations.* Under the Fund’s organizational documents, its current and former Officers and Directors are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, in the normal course of business, the Fund enters into contracts that contain a variety of representations and warranties that provide general indemnifications. The Fund’s maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred or that would be covered by other parties.
- G. *Subsequent Events.* The Fund has evaluated subsequent events through the issuance of the Fund’s financial statements and has determined that no events have occurred that require disclosure in these financial statements.

NOTE 3 – INVESTMENT ADVISORY AND OTHER AGREEMENTS

The Fund has an investment advisory agreement with the Advisor to serve as investment advisor. Certain officers of the Advisor are also officers of the Fund. Under the terms of the agreement, the Fund has agreed to pay the Advisor as compensation for all services rendered, staff and facilities provided and expenses paid or assumed, an annual advisory fee, accrued daily, paid monthly, of 0.75% of the Fund’s average daily net assets. For the year ended June 30, 2024, the Fund accrued \$449,158 in advisory fees.

The Advisor has contractually agreed to reduce its advisory fees and/or pay expenses of the Fund through at least October 31, 2024, to ensure that the Fund’s total annual operating expenses (excluding front-end or contingent deferred loads, acquired fund fees and expenses, leverage interest, taxes, brokerage commissions, expenses incurred in connection with any merger or reorganization, and extraordinary expenses such as litigation) will not exceed 0.99% of the Fund’s average daily net assets. In connection with this expense limitation, the Advisor is entitled to recoup fees waived and/or expenses reimbursed within a three-year period from the date of the waiver or expense payment if such reimbursement will not cause the Fund’s expense ratio to exceed the lesser of: (i) the expense limitation in effect at the time of the waiver and/or the expense payment or (ii) the expense limitation in place at the time of recoupment. This arrangement can be terminated only by, or with the consent of, the Board upon 60 days’ written notice to the Advisor.

Any such reimbursement will be reviewed by the Fund’s Board. The Fund must pay its current ordinary operating expenses before the Advisor is entitled to any reimbursement of fees and/or expenses.

MATRIX ADVISORS VALUE FUND, INC.
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 (Continued)

For the year ended June 30, 2024, the Advisor waived \$128,368 in advisory fees. At June 30, 2024, the cumulative amount available for reimbursement that has been paid and/or waived is \$367,514. Currently, the Advisor has agreed not to seek reimbursement of such fee reductions and/or expense payments. The Advisor may recapture a portion of this amount no later than the dates stated below:

June 30,		
2025	2026	2027
\$111,340	\$127,806	\$128,368

The Fund’s Chief Compliance Officer (“CCO”) receives no compensation from the Fund; however, U.S. Bancorp Fund Services, LLC, d/b/a U.S. Bank Global Fund Services, the Fund’s administrator (the “Administrator”) was paid \$4,000 during the year ended June 30, 2024, for CCO support services.

NOTE 4 – INVESTMENT TRANSACTIONS

The cost of purchases and the proceeds from sales of securities, other than short-term obligations and U.S. Government securities, for the year ended June 30, 2024, are as follows:

	Purchases	Sales
Common Stock	\$11,911,454	\$14,672,514

NOTE 5 – DISTRIBUTIONS TO SHAREHOLDERS

As of June 30, 2024, the components of distributable earnings on a tax basis were as follows:

Cost of investments for tax purposes	\$29,667,974
Gross tax unrealized appreciation	36,468,182
Gross tax unrealized depreciation	(246,728)
Net tax unrealized appreciation on investments	36,221,454
Undistributed ordinary income	267,844
Undistributed long-term capital gains	1,131,886
Total Distributable Earnings	1,399,730
Other accumulated gains (losses)	—
Total Accumulated Earnings/Losses	\$37,621,184

There are no differences between book basis and tax basis.

U.S. GAAP requires that certain components of net assets relating to permanent differences be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or NAV per share. For the year ended June 30, 2024, the Fund had no permanent differences that were reclassified between paid-in capital and distributable earnings.

As of June 30, 2024, the Fund had no short term loss carryover or long term loss carryover. These losses may offset future capital gains for federal income tax purposes. The Fund had no post-October losses, which are deferred until fiscal year 2025 for tax purposes. Capital losses incurred after October 31 (“post-October losses”) within that taxable year are deemed to arise on the first day of the Fund’s next taxable year.

As of June 30, 2024, the Fund had no qualified late-year ordinary losses, which are deferred until fiscal year 2025 for tax purposes. Net late-year losses incurred after December 31 within the taxable year are deemed to arise on the first day of the Fund’s next taxable year.

MATRIX ADVISORS VALUE FUND, INC.
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 (Continued)

The tax character of distributions paid during the years ended June 30, 2024 and June 30, 2023, were as follows:

	<u>June 30,</u>	
	<u>2024</u>	<u>2023</u>
Distributions Paid From:		
Ordinary Income*	\$ 684,262	\$ 426,230
Long-Term Capital Gain	\$ 384,017	\$2,067,215
	<u>\$1,068,279</u>	<u>\$2,493,445</u>

* For tax purposes, short-term capital gains are considered ordinary income.

The Fund may use earnings and profits distributed to shareholders on redemption of shares as part of the dividends paid deduction.

NOTE 6 – FAIR VALUE

The Fund has adopted fair valuation accounting standards which establish an authoritative definition of fair value and set forth a hierarchy for measuring fair value. These standards require additional disclosure about the various inputs and valuation techniques used to develop the measurements of fair value and a discussion of changes in valuation techniques and related inputs during the period. These standards define fair value as the price that would be received in the sale of an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. The fair value hierarchy is organized into three levels based upon the assumptions (referred to as “inputs”) used to value the asset or liability. These standards state that “observable inputs” reflect the assumptions that market participants would use in valuing an asset or liability based on market data obtained from independent sources. “Unobservable inputs” reflect the Fund’s own assumptions about the inputs market participants would use to value the asset or liability.

The Fund follows a fair value hierarchy that distinguishes between market data obtained from independent sources (observable inputs) and the Fund’s own market assumptions (unobservable inputs). These inputs are used in determining the value of the Fund’s investments and are summarized in the following fair value hierarchy:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the company has the ability to access.
- Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayments speeds, credit risk, yield curves, default rates and similar data.
- Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the company’s own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used to value the Fund’s net assets as of June 30, 2024.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Equity

* Please refer to the Schedule of Investments for a breakout of common stocks by industry classifications.

NOTE 7 - SUBSEQUENT EVENTS

There were no other events or transactions during the period that materially impacted the amounts or disclosures in the Fund's financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of Matrix Advisors Value Fund, Inc.

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities of Matrix Advisors Value Fund, Inc. (the “Fund”), including the schedule of investments, as of June 30, 2024, the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of June 30, 2024, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Fund’s management. Our responsibility is to express an opinion on the Fund’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB. We have served as the Fund’s auditor since 1999.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Fund’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our procedures included confirmation of securities owned as of June 30, 2024 by correspondence with the custodian and brokers. We believe that our audits provide a reasonable basis for our opinion.

TAIT, WELLER & BAKER LLP

Philadelphia, Pennsylvania

MATRIX ADVISORS VALUE FUND, INC.
ADDITIONAL INFORMATION (Unaudited)

PROXY VOTING INFORMATION

The Advisor votes proxies relating to portfolio securities in accordance with procedures that have been approved by the Board of Directors of the Fund. You may obtain a description of these procedures and how the Fund voted proxies relating to the portfolio securities during the most recent 12-month period ended June 30, free of charge, upon request, by calling toll-free 1-800-366-6223. This information is also available through the Securities and Exchange Commission's website at <http://www.sec.gov>.

PORTFOLIO HOLDINGS DISCLOSURE

The Fund files its complete schedule of portfolio holdings with the SEC as of the end of the first and third quarters of each fiscal year (quarters ended September 30 and March 31) as an exhibit to its reports on Form N-PORT. Portfolio holdings filed on Form N-PORT are publicly available 60 days after the end of the applicable quarter. The Fund's Form N-PORT filings are available on the Securities and Exchange Commission's website at www.sec.gov. This information is also available, without charge, upon request, by calling toll free, 1-800-366-6223.
